We have the answer to the N-400/N-600 question. We are proceeding as usual with adjudication and oath ceremonies. Currently we are holding everything else. [REDACTED] (b)(5)

It would be good, maybe to suggest that the EO does not impact applications and petitions filed for or on behalf of individuals in the United States, and applications and petitions for individuals outside the U.S. that do not confer a benefit, and see if it flies.

Good morning all:

Please see the pending questions tracker attached. Please let us know if you have any suggestions/input regarding the format, and then we can fill in the substance and re-send to the group.

Also – We will be creating an email for an EO action group so that everyone is kept in the loop on EO issues and guidance. The group will include ADs, DADs, OCC, OPS, Program Chiefs, Tracy, Lori, Todd and me. We will send the address out as soon as it is created.

Thanks,

Jessica

I am adding Jess, Molly and Phil back in again and also adding SCOPS. Jess is working to gather the questions you have all sent so far and compile them on one document. Once she has those together Lori and I will look at them to see which are internal questions and which might warrant public facing Q&A. So if you have sent your questions to Jess we should be all set.

These seem to be issues that need to be addressed at the Department level.

They are also asking for other questions we think should be included, so we may want to put together a list of questions, even if we don't have answers yet.
